PERSONAL PROFILE

I am an enthusiastic coder who resolves the problem no matter how complicated it is. I like to explore different fields to get overall knowledge for real life experience. My part of interest majorly lies in Web Development and App Development along with Web Designing. I am 19 years old and I am in 2nd Year in Computer Science and Engineering.

Apart from technical aspect, one should also be confident and enthusiastic in field of working. And I believe I am a good blend of this things.
